## Press Release

For Immediate Release

**Charleston, SC– 10Mar09 – Progressive Integrations, Inc.**, has been designing and installing custom home electronic systems since 1995. This month is our 14 year anniversary! Our IT (information technology) division also hits its 1<sup>st</sup> year anniversary and we ask that you join us to share our recent association and membership with you: The National Association of Computer Repair Business Owners (<http://www.nacrbo.com>). Our aim is to provide customer service that consistently exceeds our clients' expectations and demonstrates our commitment to excellence and quality.

**Progressive Integrations, Inc.**, will take the confusion out of designing the system of your dreams. Our designers will work closely with your builder, interior designer, architect, and electrician to ensure your system will integrate properly into your home.

Whether you are building a new home, renovating or just want to upgrade your existing system, let Progressive Integrations show you how easy and affordable these systems can be.

Some of our other services include, computer service, problem solving, (spam, viruses, etc), network installations, maintenance, and repair either in the home office or at the home.

**Progressive Integrations, Inc.**, offers expertise in designing and maintaining lighting, audio, visual, computers, and networks for the home/home office users. We make automation simple by working personally with each customer, and we guarantee results.

With a commitment to making automation simple and a belief in personal, local and guaranteed service, we are proud to introduce ourselves to you.
